Dear Lee,

We at Travel Auctions are happy to endorse Chigle Pty Ltd in complementing our working arrangement.

Travel Auctions Australia Pty Ltd commenced operations in February 1992. The company operates Australia-wide and is respected as one of the largest generators of short-break Australian holidays within the Australian Tourism Industry.

With the growth of the business it became evident that not only reliable hardware but also unique software were required to enable the business to function quickly and efficiently.

Travel Auctions have worked with Chigle Pty Ltd since 2000, when the company were contracted to provide what turned out to be a very sophisticated and innovative programme. Since that time Chigle Systems have been responsible for the writing and the continual upgrading of the entire computer programme, installation of all equipment, internet access and all maintenance.

The business of Travel Auctions Australia Pty Ltd has a 7 x 12 hour day working week. Chigle Pty Ltd has provided us with prompt and efficient service at all times and at Travel Auctions we have complete trust and confidence in the staff and service Chigle Pty Ltd provide.

We look forward in continuing to work with Chigle Pty Ltd and have no hesitation in recommending their complete professionalism and quality of service.

Kind regards

Cheryl Rose  
CEO
